UNIFY MESSAGECENTRE

One central resource to manage school-wide communication, the Message Centre is the heart of the Unify applications platform; designed to keep everyone informed and involved, while saving valuable time and resource.

From a single, easy-to-use dashboard, staff can announce upcoming events, update calendars, publish news and communicate directly with parents. And for parents, it's where to go for the latest information, to confirm appointments, check recent notices, and message the school quickly if they need.

The Message Centre is highly secure, simple to set up and easy to master, and because it's web-based, it's accessible on any device. Fully scalable, its unique features combine with other Unify applications to expand functionality and extend the benefits for your school.
